Facets of Unity presents the Enneagram of Holy Ideas as a crystal clear window on the true reality experienced in enlightened consciousness. Here we are not directed toward the psychological types but the higher spiritual realities they reflect. We discover how the disconnection from each Holy Idea leads to the development of its corresponding fixation, thus recognizing each types deeper psychological core. Understanding this core brings each Holy Idea within reach, so its spiritual perspective can serve as a key for unlocking the fixation and freeing us from its limitations.

A.H. Almaas presents "the holy ideas" that are the spiritual realities of the nine personality types that the Enneagram reflects. For those unfamiliar with the Enneagram, he includes an introduction to the structure of psychological typecasting rediscovered by Oscar Ichazo, founder of the Arica School, who gives this book its high credentials by having written the Foreword. While other books on the subject explain the different characteristics and behaviors of each of the nine fixations or types, Almaas expounds here on how the disconnection from each holy idea leads to the development of its corresponding fixation. Then he provides keys to unlock them. For example, the "seven" type's holy idea is "holy wisdom," which Ichazo defines as "The awareness that reality exists as a succession of moments, each experienced as the present, and that it is only by existing in the present that the constant unfolding of the Cosmos can be experienced ... can real work be done, and results achieved." --Randall Cohan
A. H. Almaas is the pen name of Hameed Ali, the Kuwaiti-born originator of the Diamond Approach, who has been guiding individuals and groups in Colorado, California, and Europe since 1976. He is the author of Spacecrusier Inquiry, The Pearl Beyond Price, Facets of Unity, and other books.
