---

Few know the topic of wisdom as well as best-selling author and pastor Charles Swindoll. For years, he has been sharing his "insights for living" with millions of listeners to his daily radio show of the same name. *Wisdom for the Way* collects some of Swindoll's most classic insights into daily bite-size readings. Gleaned from the book of Proverbs, here are wise words for busy people on topics such as contentment, character, work, and worship.

Charles R. Swindoll has devoted his life to the accurate, practical teaching and application of God's Word and His grace. A pastor at heart, Chuck has served as senior pastor to congregations in Texas, Massachusetts, and California. Since 1998, he has served as the founder and senior pastor-teacher of Stonebriar Community Church in Frisco, Texas.

J. Countryman had an enormous hit last year with Max Lucado's devotional *Grace for the Moment*, which has sold half a million copies and is still going strong. The publisher follows the same gift-book format with Charles Swindoll's *Wisdom for the Way: Wise Words for Busy People*, using brief snippets from Swindoll's previously published works for a year's worth of daily meditations. Books just don't get much lovelier than this; with its glossy pages, nature-oriented color photographs and embossed cover, Swindoll's devotional is a feast for the eyes as well as the spirit.

#### Other Books

*Theory and Practice in Epicurean Political Philosophy*. The opponents of Epicureanism in antiquity, including Cicero, Plutarch and Lactantius, succeeded in establishing a famous cliché: the theoretical and practical disinterest of Epicurus and the Epicureans in political communities. However, this anti-Epicurean literature did not provide considerations of Epicurean political theory or the testimonies about Epicurean lifestyle. The purpose of this book is to shed light on the contribution of Epicurean thought to political life in the ancient world. Incorporating the most up-to-date material, including papyri which have been recovered from Herculaneum, documents of Greek epigraphy and the prosopography of the Roman Epicureans, this volume will bring to the foreground new testimonies surrounding the public activities of the Epicureans. In this way, the reader will learn that Epicurean political theory is, in fact, a crucial ingredient of its philosophy. As a result, this connection creates an ongoing dialogue with the Greek philosophical tradition, revealing the presence of Plato in the Epicurean philosophy.

“... One might interpret these words of Epicurus as the recommendation of a teacher who is especially concerned with the fact that his ... a wise Epicurean person, or someone like a student or a busy person who is progressing towards wisdom ...”
