Did you know the Bible contains more prophecies about the Second Coming of Jesus than it does the First? In fact, the Bible says specific signs will appear prior to His return, and Jesus Himself commanded us to look for those signs. In Signs of the Second Coming, you'll learn about the signs Moses, Jesus, and the Old Testament prophets said to look for. Signs such as: ☐ The Jewish people back in the land of Israel ☐ The Jewish people back in control of Jerusalem ☐ And the worldwide spread of the Gospel More importantly, you'll learn that almost all of the signs the prophets said to look for are present right now... Could ours be the generation of His return? Study the signs for yourself and decide if our generation is destined to witness one of the greatest events in all of history - the Second Coming of Jesus Christ.

In writing Signs of the Second Coming, I wanted to show as many people as possible how unique we are among the Christian generations. Never before have so many signs of Christ's return been present, and almost none of these signs were present 100 years ago. Yet most people aren't aware of the signs, so I felt obligated to point them out. In doing so, I wanted to create a book that's easy to understand, fun to read, and conversational in style. I think you'll find it's all these things.

If you enjoy bible prophecy commentary, Christian eschatology, Christian prophecy, or Christian nonfiction books in general, I'm confident you'll enjoy reading Signs of the Second Coming. If you don't typically like those types of books, I challenge you to read this book anyway. Examine its arguments, and draw your own conclusions. When it happens, the Second Coming of Jesus Christ will be the greatest event in human history, and your decision either for or against Jesus will prove to be the most important decision of your life.

Interview with the Author

Q - Who is the ideal reader for Signs of the Second Coming?

A - Anyone interested in what the future holds is the ideal target audience. If you find yourself wondering why we seem to live in such tumultuous times (especially in the Middle East), then this book will provide a lot of answers.

Of course, if you're already a Christian, Signs of the Second Coming will probably fill you with excitement, hope, and a greater sense of peace as you see the day of Christ's return drawing near. Anyone who's a fan of Christian eschatology, Christian prophecy, or Christian books in general will most likely enjoy the book.

Q - Why is the subtitle "11 Reasons Jesus Will Return Soon" instead of "11 Reasons Jesus Might Return Soon"?

A - A lot of thought and prayer went into the subtitle, and I stand behind it 100%. I'm confident Jesus will return in the expected lifetime of most of the people who read this book. Why? Because the signs of His coming are all around us, and Jesus said, "When you see all these things take place, look up, for your salvation draws near" (Luke 21:28). He didn't say, "When you see these signs, I'll come in 100, 200, or 1,000 years." He said His arrival was

imminent, and I take Jesus at His word. No one can know the exact timing of His return, but the Bible makes it clear that we can know the general timeframe.

Q - Why should readers give Signs of the Second Coming a try?

A - If you're skeptical of the idea that Jesus will return one day, this is the book for you. For years, I've heard skeptics say, "Christians have been saying Jesus is coming back for hundreds of years. Yet, everything remains the same." But is that true? Is our day really no different from that of previous generations? I think it's clear that's not the case. For nearly two thousand years after the crucifixion, Christians couldn't point to the widespread existence of the signs Jesus and the prophets said to look for. Yet today's Christians can cite dozens of signs, and Jesus Himself said, "When you see all these things take place, look up, because your salvation draws near" (Luke 21:28). Since we see these signs today, we can be confident His return is near. When you believe that, it will radically change your world perspective and how you live your daily life.
