Finally women can talk about what they used to only dream about...

Forbidden Flowers is Nancy Friday's second collection of sexual fantasies -- and it's even more explicit and outspoken than her original erotic masterpiece, *My Secret Garden*. The constant refrain from the legions of women across America who read *My Secret Garden* was, "Thank God I'm not the only one..." who had those wild, exciting erotic thoughts. With *Forbidden Flowers*, these women can yet again experience the exhilarating freedom that comes with the awareness and acceptance of their sexual selves.

Nancy Friday is the bestselling author of *My Secret Garden*, *Jealousy*, *Men in Love*, *My Mother/My Self*, *Women on Top*, *The Power of Beauty* and, most recently, *Our Looks, Our Lives*. She lives in Key West, Florida, and in Connecticut. *San Francisco Chronicle* Nancy Friday must be the most understanding sexologist in the country.

Sex Wars. This book is a collection of essays written during the 1980s and 1990s, generated as parts of other, larger activist efforts going on at the time. Read together, the essays trace the progress of the conversations between different activist groups, and between the authors of the pieces, Lisa Duggan and Nan Hunter, creating a bridge between feminists, gay activists, those in politics, and those in the law. Since the 1995 publication of *Sex Wars*, the political landscape has altered significantly. Yet the issues (and essays) are still relevant today. The anniversary edition contains a new chapter dealing with the changes in the law since the book's publication (*Lawrence v. Texas*, for example).
