Patrick McDonnell-beloved, bestselling author-artist and creator of the Mutts syndicated comic strip--shares the inspiring story of young Jane Goodall, the legendary and inspiring conservationist featured in the hit documentary film Jane.

In his characteristic heartwarming style, Patrick McDonnell tells the story of the young Jane Goodall and her special childhood toy chimpanzee named Jubilee. As the young Jane observes the natural world around her with wonder, she dreams of "a life living with and helping all animals," until one day she finds that her dream has come true. With anecdotes taken directly from Jane Goodall's autobiography, McDonnell makes this very true story accessible for the very young--and young at heart.

One of the world's most inspiring women, Dr. Jane Goodall is a renowned humanitarian, conservationist, animal activist, environmentalist, and United Nations Messenger of Peace. In 1977 she founded the Jane Goodall Institute (JGI), a global nonprofit organization that empowers people to make a difference for all living things.

Patrick McDonnell is the author and illustrator of Tek: The Modern Cave Boy, Thank You and Good Night, A Perfectly Messed-Up Story, The Monsters' Monster, and Me...Jane, a Caldecott Honor Book. He is also the creator of the internationally syndicated comic strip Mutts, which inspired his picture books The Gift of Nothing, Hug Time, and others. He lives in New Jersey.
