Enter Planet Cute-where kids can make any drawing absolutely adorable!

Draw anything and everything-people, animals, and things-and make it CUTE. It's easy! Budding artists just have to pick up their pencils, pens, crayons, or gel markers and follow these step-by-step how-to sequences. They'll learn the basics of Japanese kawaii, which emphasizes simple, rounded shapes; faces with large eyes and sweet expressions; and personifying inanimate objects. They'll also master animals, mythical creatures, food, plants, vehicles, and more!
