Tarl Cabot has always believed himself to be a citizen of earth. He has no inkling that his destiny is far greater than the small planet he has inhabited for the first twenty-odd years of his life. One frosty winter night in the New England woods, he finds himself transported to the planet of Gor, also known as Counter-Earth, where everything is dramatically different from anything he has ever experienced. It emerges that Tarl is to be trained as a Tarnsman, one of the most honored positions in the rigid, caste-bound Gorean society. He is disciplined by the best teachers and warriors that Gor has to offer...but to what end? This is the first installment of John Norman's wildly popular and controversial Gor series, which has sold millions of copies. Coinciding with the 40th anniversary of the first book of the Gorean Saga, TARNSMAN OF GOR, E-Reads is proud to release the very first complete publication of all Gor books by John Norman, in both print and ebook editions, including the long-awaited 26th novel in the saga, WITNESS OF GOR. Many of the original Gor books have been out of print for years, but their popularity has endured. Each book of this release has been specially edited by the author and is a definitive text. John Norman, born in Chicago, Illinois, in 1931, is the creator of the Gorean Saga, the longest-running series of adventure novels in science fiction history. Starting in December 1966 with Tarnsman of Gor, the series was put on hold after its twenty-fifth installment, Magicians of Gor, in 1988, when DAW refused to publish its successor, Witness of Gor. After several unsuccessful attempts to find a trade publishing outlet, the series was brought back into print in 2001. Norman has also produced a separate science fiction series, the Telnarian Histories, plus two other fiction works (Ghost Dance and Time Slave), a nonfiction paperback (Imaginative Sex), and a collection of thirty short stories, entitled Norman Invasions. The Totems of Abydos was published in spring 2012.

All of Norman's work is available both in print and as ebooks. The Internet has proven to be a fertile ground for the imagination of Norman's ever-growing fan base, and at Gor Chronicles (www.gorchronicles.com), a website specially created for his tremendous fan following, one may read everything there is to know about this unique fictional culture.

Norman is married and has three children.
