Sure, everyone does it; but everyone tries to hide it a little differently. Farts: A Spotter's Guide will help you pinpoint he (or she) who dealt it every time. This hilarious book identifies the habitat, range, voice, and "field marks" of ten common wind breakers, from the gentle hiss of the Silent-but-Deadly to the rip-roaring flatulation of the Seismic Blast. The attached battery powered fart machine reproduces each emanation in accurate sound. Grossly hip illustrations by the Fudge Factory's eyes, you read that right Travis Millard depict the offenders and offendees in brilliant detail. Printed on durable card stock, this is pure, unbridled entertainment for the giggling child in all of us. Let 'er rip!

Crai Bower writes books, articles, and columns about topics ranging from heliskiing to architecture to personal finance. He lives in Seattle.

#### Other Books

Git-R-Done, Git-R-Done is chock-full of fart jokes and straight talk about America. I sat down one day and said to myself, "Larry, you've done it all. You've got three gold records, a successful DVD, a hit TV show, a picture of Shania Twain givin' ya the finger, and most important, the high score on Frogger. What more could you possibly do?" Then I started thinking about writing a book. I wanted mostly to write Git-R-Done for all those good Americans who just wanna laugh like I do. Come on inside and hear me make fun of Janet Reno, Rosie O'Donnell, and my fat sister, who caused a twelve-tray pileup in front of the caramel nut rolls at the country buffet. I'm gonna tell you why Dick Trickle is my hero, why we need to get back to good ol' common sense, and why I prefer a picture of the Last Supper with NASCAR drivers as the disciples over just about anything. Lord, I apologize! The book will go down in history as one of America's most important events since the breakup of Aldo Nova. Even my mom liked the book—here's what she said: "There's really not much I can say here except for I apologize to everyone ahead of time for the crap you are about to read." Git-R-Done is just plain funny. I don't care who ya are! Also available as an eBook.
