It's Time to Shake Up Learning! Rapidly evolving technology and the demands of the digital age are transforming not only the way we live but also the way we learn. The tools students are using are newer, sleeker, and faster than ever before. In some cases, the medium is even changing the message. One thing is certain: Educators cannot continue the status quo if they expect to equip young people for the world to come. Here's the good news: With digital tools that are available 24/7, learning doesn't have to stop when the bell rings. Learning can take on a life of its own! Even better, technology can help you connect with students and empower them to grow and develop a lifelong love for learning-and it doesn't have to be scary or complicated. Shake Up Learning is a powerful guide and planning tool to help educators at all grade levels make the most of technology. Educator and blogger Kasey Bell guides you through the process of using technology and proven techniques to make learning dynamic. You'll discover . . . Practical strategies to help move from static teaching to dynamic learning Straightforward and easy-to-use templates for crafting engaging learning opportunities Tips and tricks for fearless implementation of powerful lesson plans Advice for moving from one-and-done activities to learning that evolves and inspires throughout the school year-and beyond! Be dynamic! Shake up learning in your classroom this year.

Kasey Bell is part sparkling smile, part witty personality and a whole heap of passion as big as a Texas--go big or go home, y'all! She is a disruptor of the boring. An engaging, innovative, from the heart sharer who inspires educators while transforming their teaching with original, timely and use-tomorrow ideas for student choice, differentiation, and technology integration.
