In this classic graphic novel: Tintin stumbles across a model ship at the Old Street Market. Only it isn't just any model ship-it's the Unicorn, carved by one of Haddock's ancestors, and it holds a clue to finding pirate treasure!

The Secret of the Unicorn was one of the first truly great Tintin adventures and Herge's personal favorite, combining a puzzling mystery with a ripping pirate yarn. When Tintin finds a magnificent model ship in the street market, his attempt to buy it for Captain Haddock leads him on a trail of pickpockets, burglars, and secret treasure, and Haddock enthralled him with a tale of his seafaring ancestor, Sir Francis Haddock (who was exclaiming "Thundering typhoons!" generations before the Captain ever did), and his fateful encounter with the fearsome pirate Red Rackham. The story is also notable for Herge's fantastic eye for ship detail as well as the first appearances of Nestor and Marlinspike Hall. The Secret of the Unicorn was Tintin's first official two-book adventure, continued in Red Rackham's Treasure. --David HoriuchiHergé , one of the most famous Belgians in the world, was a comics writer and artist. The internationally successful Adventures of Tintin are his most well-known and beloved works. They have been translated into 38 different languages and have inspired such legends as Andy Warhol and Roy Lichtenstein. He wrote and illustrated for The Adventures of Tintin until his death in 1983.

Other Books

The Adventures of Tintin, A collection of three of Tintin's adventures as he, the Captain, and Snowy search for Red Rackham's treasure, the cause of a mysterious coma, and for Professor Calculus.
