Real-Life Discipleship explains what should happen in the life of every Christian and in every small group so that the church becomes an army of believers dedicated to seeing the world saved. With the overriding goal to train disciples who know how to make more disciples, this book offers proven tools and strategies from Real Life Ministries, one of America's fastest-growing churches. Discover what the Bible says about true and effective discipleship with these strategies and practices.

Is your church membership dwindling? Are you growing only at the expense of a smaller church?

It's time to reexamine your methods of discipleship. But how do you effectively disciple an entire body? It's not about making converts. The responsibility falls to every believer in your fellowship to create intentional followers of Christ, who in turn create other intentional followers.

The secret is in your small groups. Discover a new vision for what the church can be by challenging how you create disciples.
