Sir Cumference and Lady Di need a baker to prepare a special dessert for the annual Harvest Faire. Two bakers compete to see whose dessert is most popular. When Pia of Chartres and Bart Graf have trouble keeping track of the votes their desserts receive, they each develop a better system. Pia places a colored candy around the edges of a pie dough (like a pie chart), and Bart stacks up cookie tins (making a 3D bar graph). When there's a tie, the two chefs cook up a hybrid dessert just in time for the Faire.

Cindy Neuschwander is an elementary school teacher who loves teaching math. She also enjoys traveling, reading, and writing stories. She thought up the Sir Cumference series while visiting medieval castles in England. Cindy lives in Pleasanton, California. "Oh, dear," muttered Lady Di of Ameter as she rushed down the castle corridor.

She ran headlong into her husband, Sir Cumference.

"What's the hurry?" he asked her.

"The castle cook is in bed with the chills," she answered. "and the Harvest Faire is just around the corner! We need to select the annual Harvest Sweet."

"We'll need someone to do the baking, too," said Sir Cumference.
