With sure and subtle touch, Eliot paints a luminous and spacious landscape of life in a provincial town, interweaving her themes with a proliferation of characters: an innocent idealist; a self-defeated young doctor; a naive young woman; and a cold man, who "lives too much with the dead".

Founded in 1906 by J.M. Dent, the Everyman Library has always tried to make the best books ever written available to the greatest number of people at the lowest possible price. Unique editorial features that help Everyman Paperback Classics stand out from the crowd include: a leading scholar or literary critic's introduction to the text, a biography of the author, a chronology of her or his life and times, a historical selection of criticism, and a concise plot summary. All books published since 1993 have also been completely restyled: all type has been reset, to offer a clarity and ease of reading unique among editions of the classics; a vibrant, full-color cover design now complements these great texts with beautiful contemporary works of art. But the best feature must be Everyman's uniquely low price. Each Everyman title offers these extensive materials at a price that competes with the most inexpensive editions on the market-but Everyman Paperbacks have durable binding, quality paper, and the highest editorial and scholarly standards. One of the most accomplished and prominent novels of the Victorian era, *Middlemarch* is an unsurpassed portrait of nineteenth-century English provincial life. Dorothea Brooke is a young woman of fervent ideals who yearns to effect social change yet faces resistance from the society she inhabits. In this epic in a small landscape, Eliot's large cast of precisely delineated characters and the rich tapestry of their stories result in a wise, compassionate, and astute vision of human nature. As Virginia Woolf declared, George Eliot "was one of the first English novelists to discover that men and women think as well as feel, and the discovery was of great artistic moment." From the Trade Paperback edition.
