"All of the dialogue is straight out of the book. Dixon is able to make the story flow on the page, without making it feel too dry or wordy. All the characters look like how I might imagine them. Fans of the books will be reminded of the things they enjoyed about the series in the first place." -Geeks of Doom "I loved it. I really loved it. This is not just a beautiful visual aid to the story, but a means of being able to enjoy the story in a new way. I eagerly look forward to the next volume." -Richard Fife on Dragonmount "Dixon and Conley are operating at an extremely high level, making superb storytelling choices not only within the confines of a single issue but when considering the series as a whole. Dixon's pacing is impeccable and his narration bang on. Conley's astounding, atmospheric artwork only reinforces Dixon's narrative framework. This series continues to impress with its strong storytelling and respectful treatment of Jordan's source material. Arguably one of the best comic book adaptations on the shelves today, The Eye of the World is quickly proving itself to be a series of craftsmanship and heart." -Broken Frontier on The Eye of the World: the Graphic Novel, Volume One "The series should provide fans of the novels with an enjoyable take on an old favorite and possibly introduce new readers to this fantasy classic." -The Jersey Journal on The Eye of the World comic book "The story feels like it was intended for the comic-book medium. That is probably in no small way due to Chuck Dixon's hand in this. I hope there are more such top-flight comic-book adaptations of popular fantasy series in the offing." -Comic Critique on New Spring: the Graphic Novel
