Samuel Morris. The extraordinary story of the young African who came to be called "The Apostle of Simple Faith." While most missionary biographies detail the lives of Western missionaries, this is the story of the African missionary that God called to the United States when slavery and segregation were a way of life. Previously published under the title The March of Faith, this book details the moving life story of Samuel Morris. After a miraculous escape from certain death during the ravages of intertribal warfare in Liberia, Africa, Kaboo was converted to Christ by Methodist missionaries and baptized under the name Samuel Morris. Traveling to America for pastoral training in the late 1880's, his trip was a missionary voyage in itself when several seamen were lead to Christ through his godly life. At Taylor University his example of faith made him a leader among the students and a challenge to the faulty. An unforgettable biography which shows Christ's love felling all racial barriers.
