Edgar Cayce used his psychic trances to diagnose and treat illnesses from arthritis to epilepsy. This guide provides an easily accessible reference to 9000 of his readings, covering nearly 200 ailments and their treatments.

From Acne to Xeroderma, almost any health problem you are likely to experience has been addressed by Edgar Cayce (the sleeping prophet). I trust Cayce's information and the remedies in the Encyclopedia of Healing are 99 percent common sense: eat healthy, exercise, and reduce the stress in your life. If you're looking for some magic cure, though, you'll likely be disappointed. Keep in mind that most of these remedies were prescribed for individuals with several ailments. For this reason, I wouldn't go swallowing any strange concoctions before getting a professional opinion, but I would trust these case studies as a guide for better living. In his psychic trances Edgar Cayce diagnosed illnesses from arthritis to sarcoma to epilepsy -- and many of his cures have been backed by recent medical science. Now -- in one easy-to-read volume -- 9,000 of Edgar Cayce's Psychic Readings have been compiled into a quick-reference encyclopedia to help usher you healthfully into the next millennium. covering nearly 200 different ailments from A to Z, including the common cold, nervous disorders, and cancers, this invaluable Cayce resource also offers in-depth descriptions of the dozens of natural remedies.

A newspaper reporter and editor who has written extensively about the Cayce Foundation, Reba Ann Karp has studied Cayce's medical readings and scrutinized the latest medical research to present this invaluable guide to better and healthier living.
