/Stanley Karnow Karnow goes back 500 years to paint a fascinating portrait of Philippine history, ultimately focusing on the U.S.'s imperial experience in the islands. Here is the truth about America's attempt to remake the Philippines "in our image"--complete with American political, educational, and cultural institutions. "Authority and great insight."--Time. 16 pages of photographs.

"An impressively researched study of an adventure in empire that dared not speak its name."--The New RepublicIn a swiftly paced, brilliantly vivid narrative, Karnow focuses on the relationship that has existed between the two nations since the United States acquired the country from Spain in 1898, examing how we have sought to remake the Philippines 'in our image,' an experiment marked from the outset by blundering, ignorance, and mutual misunderstanding.

Other Books

Uncle Sam's War of 1898 and the Origins of Globalization, "Schoonover locates the origins of American globalization and expansionism in the Spanish-American War. American involvement in the War of 1898, he argues, reflects many of the fundamental patterns of our national history - exploration and discovery, labor exploitation, violence, racism, class conflict, and concern for security - that have shaped America's course since the nineteenth century. Uncle Sam's War of 1898 and the Origins of Globalization is the first work to identify the source of the United States' economic, political, and social policies abroad - and the actions that established it as the only remaining superpower."--BOOK JACKET.
