page references

- >> Comprehensive rationales for both correct and incorrect responses to promote in-depth understanding and comprehension.
- >> Responsive design for access from laptop, tablet, and mobile devices, making study on the go easy

## Other Books

Nurse Practitioner's Business Practice and Legal Guide, Nurse Practitioner's Business Practice and Legal Guide, Sixth Edition is a must-have resource for every new or current

nurse practitioner (NP) that explains and analyzes the legal issues relevant to nurse practitioners. Completely updated and revised, it includes a new chapter on answering frequently asked questions from NPs. In addition, it provides the latest state-by-state laws, including regulatory developments and prosecutions of nurse practitioners, and new case analysis and lessons learned from those cases. The Sixth Edition also provides new discussions of NP competencies, how the Doctor of Nursing Practice (DNP) degree relates to NPs, the differences in primary care and acute care NPs, definitions of medical bio-ethics terminology, additional malpractice cases and the lessons to learn from them, emerging issues in health policy, guidelines around prescribing opioids and controlled drugs, clinical performance measures, electronic health records, and new opportunities for NPs u
