Accompanied by his mischievous monkey and the mysterious Agent 355, Yorick embarks on a transcontinental journey to find his girlfriend and discover why he is the last man on Earth. This volume finds Yorick, Agent 355 and Dr. Mann traveling across the Pacific to Japan in pursuit of Yorick's stolen monkey Ampersand, whose innards may hold the key to mankind's future. Collects issues #32-36 of the runaway hit Vertigo series by Brian K. Vaughan (EX-MACHINA, ASTONISHING X-MEN, RUNAWAYS) and Pia Guerra.

After two years spent warily crossing the U.S., Yorick Brown and his escorts, agent 355 and biochemist Alison Mann, have gone to sea. Mann has determined that the key to understanding what kept Yorick from dying when all the other men did lies within the body of Yorick's pet monkey, Ampersand, who has been abducted by a Japanese mercenary. Following the monkeynapper accounts for the sixth Y: The Last Man collection opening aboard a pirate ship commanded by an exceedingly intrepid erstwhile comp-lit student. Piquant flashbacks and clever, humanizing, and, under the circumstances, not incredible details, like the pirate captain's background, and accidents, like Yorick finding 355 and Mann in flagrante one night--not to mention the volume-closing at-long-last peek at how Yorick's girlfriend, Beth, is faring in Australia--keep this otherwise more routine installment as riveting as its predecessors. Also, by now the saga's relatively plain artwork has become the Y: The Last Man look, and guest artist Goran Sudzuka wisely doesn't deviate from original limner Pia Guerra's style. Ray Olson
