The YT-1300 Corellian Freighter gets the Haynes treatment! This is a Haynes Manual based on the YT-1300 Corellian Freighter, the best-known variant of which is the Millennium Falcon, the iconic spaceship appearing in the original Star Wars trilogy, plus *The Force Awakens*, *The Last Jedi*, and *Solo: A Star Wars Story*. Using brand-new cutaway illustrations, together with other art and photographs, this manual provides the most thorough technical description of the YT-1300 available, making it essential reading for all Star Wars fans.

Ryder Windham is the author and co-author of many Star Wars™ books. His previous collaborations with artists Chris Reiff and Chris Trevas include the *YT-1300 Millennium Falcon Owners' Workshop Manual* and *Death Star Owner's Workshop Manual*.

Chris Trevas has been creating Star Wars art for over two decades, illustrating books, games, toy packaging, art prints, and an array of products from t-shirts to table tops.

Chris Reiff is an illustrator and product designer who has been working on Star Wars for more than 20 years. Among his other recent projects are product development for Anovos and Disney as well as Star Wars product packaging.
